

EXTENDED RANGE LIVE ROLL - ERLR

sales@webb-stiles.com
www.webb-stiles.com

The Extended Range Live Roll (ERLR) is one of our newest innovative conveyors. The ERLR can be used in a wide range of industries including automotive, appliance and tire conveying. This attractive conveyor design has reduced noise levels and is easy to maintain, meaning less down time.

Whatever your needs are, contact a Webb-Stiles Sales Engineer today to learn more about this versatile conveyor!

- ▶ **Zero Pressure Accumulation with Air Brakes**
- ▶ **Various Roll Centers**
- ▶ **Low Maintenance**
- ▶ **Carry Loads from 10 lbs to 4,000 lbs**
- ▶ **Speeds up to 250 FPM**
